

Vacancy: Assistant Project Manager

Duration: Permanent

Location : Thurso

Denchi Power has been designing and manufacturing high reliability batteries from its base in Thurso, Scotland for over 15 years and supplies blue chip customers in the defence, security, aerospace, oil and gas and renewables markets. Denchi is poised to go through a period of sustained growth with some key projects starting in the defence and energy markets and planning to triple turnover in the next 3-5 years.

**The Role:**

The primary role is to provide project management support to the product managers who are running multiple projects. The successful candidate will be expected to ensure accurate tracking and reporting of the project plan and to provide the necessary feedback to the teams and senior management.

**Essential skills and experience:**

- Educated to degree level or relevant experience within the Engineering, Renewables, Aerospace, Defence, Energy and/or Environmental sectors.
- Practical knowledge in various forms of project management methodology.
- Proven track record of being part of successful project completion.
- Team player with the ability to work independently without supervision.

**Desirable skills and experience:**

- Experience in dealing with multiple stakeholders, both internally and externally.
- Knowledge of software, mechanical, and electronics design as well as an understanding of manufacturing operations.
- Knowledge of working within defence and aerospace projects.

**Excellent written, verbal communication and organisation skills are a pre-requisite. Applicants must have the right to work in the UK and will be required to undertake a Baseline Personnel Security Standard (BPSS) check.**

Applicants should email their CV with a covering letter to: [careers@denchigroup.com](mailto:careers@denchigroup.com)
